

Brownfields Project #: 10063-06-36

Brownfields Property: ATS Manufacturing, NC Hwy 321 & Rankin Lakes Rd.

Property Owner (In whole or part): AJIT BOBBY SOOD

### LAND USE RESTRICTIONS ("LUR") UPDATE

LUR 1: No use may be made of the Brownfields Property other than as limited by the other land use restrictions below and for retail (including without limitation restaurant and convenience store/gas station) and, with prior written Department of Environment and Natural Resources ("DENR") approval, other commercial purposes. The conduct of these activities is governed by the following definitions:

- a. "Commercial" refers to an enterprise carried on for profit by the owner, lessee or licensee.
- b. "Retail" refers to the sale of goods, products or merchandise directly to the consumer.

LUR 4: No activities that encounter, expose, remove or use groundwater (for example, installation of water supply wells, fountains, ponds, lakes or swimming pools, or construction or excavation activities that encounter or expose groundwater) may occur on the Brownfields Property without prior sampling and analysis of groundwater to the written satisfaction of DENR in any areas proposed for such activities, and submittal of the analytical results to DENR. If such results disclose to DENR contamination in excess of North Carolina's groundwater quality standards, the proposed activities may not occur without the prior written approval of DENR on such conditions as DENR imposes, including at a minimum compliance with plans and procedures, approved pursuant to applicable law, to protect public health and the environment during the proposed activities.

LUR 5: Soil anywhere on the Brownfields Property exhibiting any stain or odor may not be disturbed without prior sampling and analysis (a determination regarding which DENR shall provide within a commercially reasonable time period), to DENR's written satisfaction, of soil proposed to be disturbed. If sampling results disclose contamination that DENR determines renders the Brownfields Property unsuitable for the uses specified in Land Use Restriction 1 above, the soil may only be disturbed in conformance with procedures (a determination regarding which DENR shall provide within a commercially reasonable time period) approved in writing in advance by DENR to protect public health and the environment while the disturbed soil is exposed, and if as much soil is treated, removed and disposed of in accordance with applicable law, or covered with an impervious or hard pervious surface, as DENR determines is necessary to render the Brownfields Property suitable for said uses. If treatment is chosen, it shall occur in conformance with procedures approved in writing in advance and afterwards by DENR. If covering the soil is chosen, said surface shall be maintained to DENR's satisfaction. If soil removal is chosen, information satisfactory to DENR regarding the transportation and disposition of such soil shall be supplied in a written report to DENR within ninety (90) days following removal. For purposes of this land use restriction, the following definitions apply:

- a. "Impervious surface" means any structure or groundcover consisting of asphalt, concrete, stone, brick, terrazzo, roofing, ceramic tile or other natural or man-made material that prevents the absorption of surface water into the soil.
- b. "Hard pervious surface" means any structure or groundcover that allows absorption of surface water into the soil, but has a hard surface formed or cast in place that protects land users from exposure to any contaminants in the soil. Pervious concrete and pervious tennis court materials are examples.
